BusPlanner Trips works directly with your BusPlanner routing system to make it easy to book field trips & make sure that everyone is in the loop on the process.

From trip inception to booking, BusPlanner Trips gives all stakeholders key insights into the field trip process. Whether you're visiting the local zoo, going to the museum, or make arrangements for a tournament, BusPlanner Trips makes life easier.

File the request, upload permission slips, accept the proposal & book a bus driver. All stakeholders are informed along the way with automated emails & reminders.

- **Intuitive Dashboard:** Give greater visibility to administrators, drivers & transportation teams to see where they are in the process.
- **Automated Assignments:** Seamlessly allocate trips to bus drivers based on seniority, availability, or a custom set of preferences.
- **Improved Efficiency:** Assign financial accounts to each bus or organization requesting the service, ensuring invoices are paid on time with all relevant information.

We have **cut 17% of our routes** with BusPlanner's advanced optimization tools.
